Spring 2021

session

Brand Story & Vision

In 2017, four friends found themselves, centered around a bong, deep in conversation. Why hadn't smoking accessories been given the same level of design attention as any other product? The attitudes and perceptions around smoking were undoubtedly shifting, but the products used to enjoy it seemed deeply rooted in the counterculture of the past. We saw an opportunity to embrace evolving attitudes. We challenged ourselves to create products that felt more like home goods than something illicit.

Over the following year, we dedicated our nights and weekends to developing the company. These work sessions, as they grew to be called, would focus on research, design and end with some high-level debates. We wanted to create a brand that focused on a state of mind and the act of making time to focus on something good. Naturally when naming our project, we wanted to embody the period we dedicated to this specific activity - a session.

Our Culture & Ethos

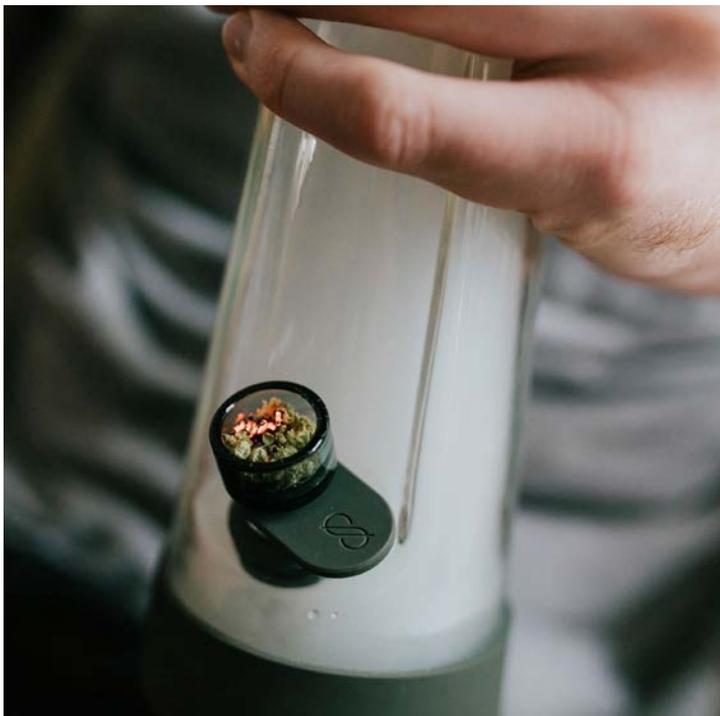

Dedicated to moments of indulgence, thoughtfully expressed through permissible vices.

We believe that joy lies in the little things; that indulging yourself shouldn't feel taboo or be reserved for hidden moments. We see the culture and stigma of smoking maturing and believe that the products used to enjoy it should evolve as well.

At Session, we believe the pursuit of pleasure and indulgence should be savored and celebrated. We believe that relaxation is key to living a happy life. We believe in creating products that spark joy.

We push boundaries through the marriage of good design, high-quality materials, and thoughtful details to multiply and enhance your satisfaction during your moments of indulgence.

“Session products will help you achieve the best smoking ritual possible.”

CannabisNow

“A stylish bong that could look at home alongside the clean lines of an Eames lounge chair.”

Forbes

“Session Goods designs with beauty and functionality in mind.”

Dieline

“Session attempts to bring a new perspective to products with a focus on relaxation, leisure and enjoyment.”

Core77

“This is the Tesla of bongs.”

Product Hunt

“It’s time for a more refined, attractive way to partake. Session has just the thing.”

COOL MATERIAL

Written on ———— October 29th, 2018

“Its pieces signal the move away from the wild swirling colors and shapes of the retro pipe market and toward the sleek minimalism found in the coolest accessories of the twenty-first century.”

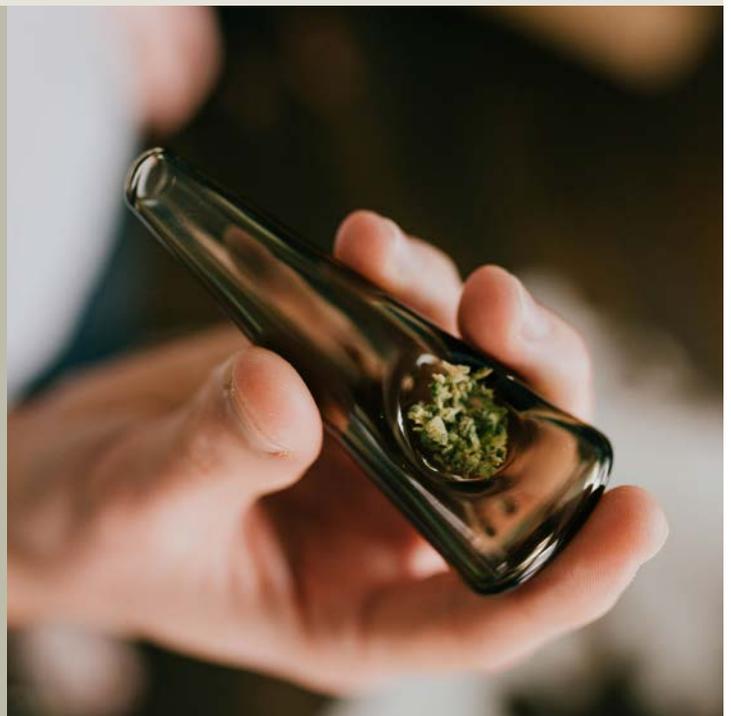

gestalten

Written by ——— Gestalten - High on Design, The New Cannabis Culture.

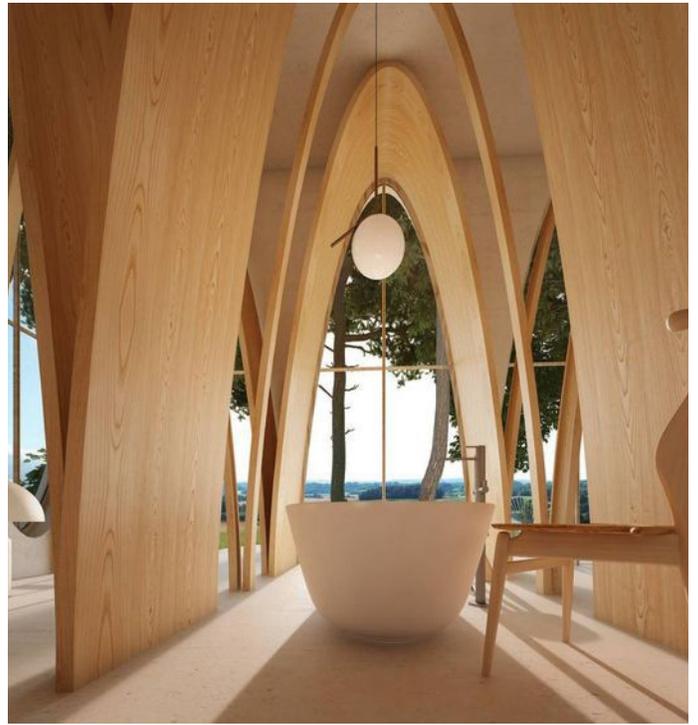

“The Session bong is a chic version of the perfect, basic glass bong.”

Slanted Mouthpiece

The slanted mouthpiece is tilted at the perfect angle to meet the lips in a comfortable position while keeping the bong upright.

Indent

The ergonomically designed indent makes it comfortable to hold and harder to drop. The indent also creates an inset area to protect the bowl and downstem from being damaged.

Silicone Tab

The silicone tab sits at the base of the bowlstem to protect the fingers from being burnt when removing the bowl to take a hit.

Silicone Footer

The silicone footer protects the glass bong body as well as marks the minimum waterline for a proper hit.

Swappable Silicone

The silicone base, grommet and tab can be changed, swapped and mixed like an outfit to match personal style and taste.

Lighter Slot

The indent can be used to hold a basic BIC lighter while you pass it. It can also store the BIC lighter upright behind the bowl when not in use.

Assembling your Bong

Step 1

The Session Bong comes partially preassembled with a grommet and silicone footer attached.

If you are reassembling or swapping out colors, slide on the silicone footer and insert just one grommet into the downstem hole.

Step 2

Be sure to only use one grommet at a time! Insert the downstem and press it completely flat against the grommet.

If the downstem is not pushed all the way against the grommet, you will not get the best smoking experience.

Step 3

Pick your bowl of choice. Thread the silicone tab onto the neck of the bowl, sliding the tab up until it pops into position.

The Small Bowl is great for personal use.
The Large Bowl is great for groups or massive rips.

Step 4

Place the assembled bowl and tab into the downstem, making sure it slides in and out with ease.

After assembly, fill with water to the top of the footer, and pack a bowl of your favorite legal herb.

Using your Bong

Step 1

Fill the bong with water to the top of the silicone sleeve.

If adding any ice, be sure to remove the downstem first.

Step 2

Grind your favorite legal herb to your liking and pack the bowl.

The tab can be pushed down to stand the bowl upright while you pack it.

Step 3

Place the packed bowl into the bong, making sure the downstem is pressed against the grommet.

Light the bowl and inhale gently. No need to overdue it on the first hit.

Step 4

When ready, grab the tab to remove the bowl. If it sticks, give it a little twist.

Once the bowl is removed, fully inhale until the chamber is empty. Enjoy.

Bong Accessories

Cleaning Caps

Description	Features	Dimensions
<p>Water tight silicone caps allow you to clean your Session Bong with a good shake. The Cleaning Caps nest neatly together for compact storage.</p>	<ul style="list-style-type: none">• Two high-grade silicone stoppers.• Small cap nests neatly within the large cap for storage.• Designed to fit the Session Bong.	<p>Large Cap: 36mm x 36mm 1.42" x 1.42" Small Cap: 22.5mm x 22.5mm 0.89" x 0.89"</p>

Cleaning your Bong

Step 1

Disassemble the bong completely.
Separate the nesting cleaning caps.

Pour about 1/2 cup of rubbing alcohol
and 1/4 cup of coarse salt into the bong body.

Step 2

Insert the large cap into the mouth
opening and small cap into the grommet hole.

Hold both caps in place and shake
vigorously until clean.

Step 3

Soak the downstem and bowls in
rubbing alcohol until the residue loosens.

Use a tube brush to scrub
off any remaining residue.

Step 4

Rinse out all glass pieces thoroughly with hot water.

Re-assemble the bong for your next session. Enjoy.

Silicone Accessories

Description	Features	Dimensions
<p>Whether you're trying to compliment your home decor or match your favorite outfit interchangeable silicone accessories allow you to personalize your Session Bong.</p>	<ul style="list-style-type: none"> • Includes one footer, two grommets and one tab • Designed to fit the Session Bong 	<p>Footer: 84mm x 84mm 3.3" x 3.3" Grommet: 22.5mm x 22.5mm 0.89" x 0.89" Tab: 22mm x 39mm 0.87" x 1.54"</p>

Indigo ●

Inspired by the ocean and our favorite pairs of jeans, our Indigo is a darker cool-toned blue, tinged with a touch of violet.

Celery ●

Inspired by newly grown grass and fresh cut vegetables, our Celery is a lighter shade of a pale green.

Blush ●

Inspired by a soft rosy cheek and a freshly slapped asterisk, our Blush is a powdery soft tone of pink.

Paradise ●

Inspired by the vibrant rays of sunshine on endless summer days. Paradise is a rich, golden yellow.

Horizon ●

Inspired by the burning desert sun as it sets in the distance. Horizon is a hazy, amber orange.

Moonlight ●

Inspired by the neon glow of a futuristic, neotropolis cityscape. Moonlight is a cosmic, lilac purple.

Pipe

Description

From the protective carry sleeve and the tapered glass form, to the ability to store a bowl or keep ash out of your bag, this classy handheld pipe has been thoughtfully designed to be able to take your session anywhere. Sit back, relax and enjoy your session.

Features

- Handheld compact size. Black tinted borosilicate glass.
- Ash catching indent near mouthpiece.
- Molded feet and flat base allow it to lay flat or stand upright.
- Colored silicone carry sleeve for protection.
- Steel keychain to clip to your bag or belt.

Silicone Carry Sleeve

The silicone carry sleeve protects the glass pipe from damage while on the go. It also allows for the storage of a packed bowl and the reduction of messy ash.

Steel Keychain

The steel keychain can be used to attach the pipe to any beltloop, bag or hook so that it can be taken anywhere on the go.

Flat Base

The flat base allows the pipe to be stand upright. The bowl is angled slightly so that a well packed bowl doesn't spill, even standing upright.

Compact Size

The compact size and streamline design make it easy to hold and convenient to use.

Ash Catcher

A small glass indent stops ash from getting in the mouth during use. It also helps create the perfect air flow for a smooth hit every time.

Roll Stops

Two glass roll stops keep the pipe from rolling on flat surfaces for easy packing and storage.

Using your Pipe

Step 1

The Session Pipe comes stored in the carry sleeve with a steel keychain provided so you can attach it to your bag or belt loop.

Take the keychain and thread it through the hole of the carry sleeve.

Step 2

To remove the pipe from the carry sleeve, grab the smaller end while gently squeezing.

Continue to squeeze and wiggle the top until the pipe slides out far enough to grab with your fingers.

Step 3

Pack the bowl with your favorite legal herb and take it to go by sliding the pipe back into the carry sleeve.

Aligning the bowl with the Session logo is a great way to keep the bowl facing upward.

Step 4

After you are done, slide the pipe to the carry sleeve for safe keeping. This will protect your bag and belongings from ash, resin and any undesirable smells.

Now take your pipe with you and enjoy your session wherever you go.
