World-wide shipping

Stainless Steel

Maintenance-free and sustainable timber

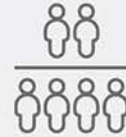

80% recycled materials

Integrated log store

Fabricated in the UK

2 person & 4/5 person sizes available

How it Works...

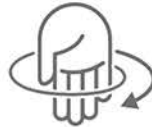

Just follow these steps

Use the stainless steel tap to fill the tub. No need for any chemicals.

Light the wood burner and keep it topped up with logs.

Stir the tub to mix the hot water with the cold until the desired temperature has been reached.

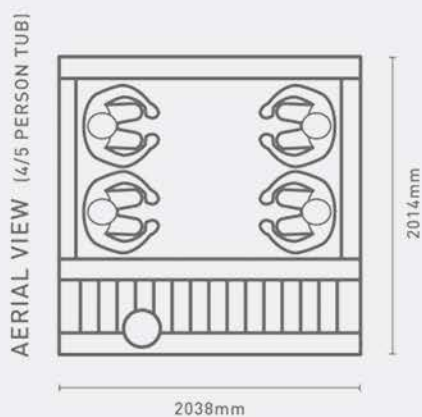

Sit back and enjoy! We can supply 2 person or 4/5 person tubs.

Recycle your greywater by watering your garden. Allow water to cool before draining.

Tub dimensions

4/5 PERSON TUB

- Overall height (excluding chimney) 1015mm
- Overall width 2038mm
- Overall depth 2014mm
