

FÚ TRI CUSHION

TRI CUSHION

Cushion for home decoration or public spaces.

Give your interior a new look with the simple design of the TRI cushion.

A twisted rectangle creates the shape of the TRI cushion. The pillow looks surprisingly different from every angle.

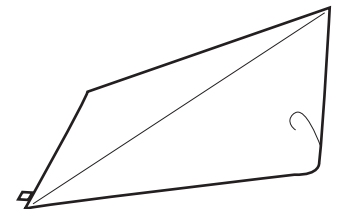

New, ergonomic seating and lying options result from this exciting cushion, which is particularly effective in bright colors. The TRI cushion is both a cushion and an object.

Covers made from textiles, Made in Italy.
Product Made in Germany.
